**SWIMWEAR**  
*TEAM RANGE*

Rival Swimwear was established in 1993, since this time it has grown to one of Australia's leading swimwear brands. As an Australian owned and made company Rival Swimwear prides its name on exceptional quality swimwear at competitive prices.

Rival is currently supplying swimwear to a number of Schools, Surf Clubs and Swim clubs nationally with our customised Team range. Rival can also supply you with swim goggles, silicone caps and custom printed latex caps. Please contact your sales representative for this catalogue.

## STYLE SELECTION

Select a style from the sketches illustrated on pages 7-11. All styles can be custom made to suit your needs by substituting your team colours in the panels marked A, B and C.

Styles cannot be altered in any way from what is illustrated in the catalogue.

All styles will feature a printed/embroidered Rival logo normally placed on the centre front chest on ladies / rash shirt styles and the left hip on the men's styles. Please advise if you would like this placed elsewhere on the garment.

All Rival styles are fully front lined except for rash shirts, tri singlets and clothing.

## SIZING

The below size chart indicates the sizes available for each style. We offer a junior equivalent style to all adults styles however please note that each of these are a different style number and therefore must meet the required minimums.

LADIES	8	10	12	14	16	18	20	22	24
Chest	82.5	85	90	95	100	105	110	115	120
Waist	62.5	65	70	75	80	85	90	95	100
Hip	87.5	90	95	100	105	110	115	120	125
GIRLS	4	6	8	10	12	14			
Chest	58	62	66	72	78	84			
Waist	54	56	58	60	62	64			
Hip	58	64	70	76	82	88			
Height	110	120	130	140	150	160			
MENS	14	16	18	20	22	24			
Chest	90	95	100	105	110	115			
Waist	80/32"	85/34"	90/36"	95/38"	100/40"	105/42"			
Description	S	M	L	XL	XXL	XXXL			
BOYS	4	6	8	10	12	14			
Chest	58	63	68	73	78	83			
Waist	50/20"	55/22"	60/24"	65/26"	70/28"	75/30"			
Height	110	120	130	140	150	160			

## FABRIC SELECTION

Rival offers a range of fabrics to suit different teams and clubs. All styles are available in either Resist or Nylon/Elastane and a limited range of men's briefs are available in 100% Nylon. If you are unsure of which fabric will best suit your needs, please discuss your requirements with your Rival sales representative and they can recommend the best option.

### ***Nylon/Elastane***

Offers a superior stretch providing both an exceptional fit and comfort. This fabric offers a sharper print finish however does not provide any resistance to chlorine breakdown. This fabric is the ideal choice for surf clubs and competition use.

### **RESIST**

Provides exceptional durability and resistance to chlorine, with a three way stretch giving the garment excellent fit and recovery. This fabric is an ideal choice for swimming clubs, schools and training.

Please note that due to the nature of the fabric the print colour may vary slightly depending on the base fabric colour. E.g. printing white on red may result in a pink tinge in the print.

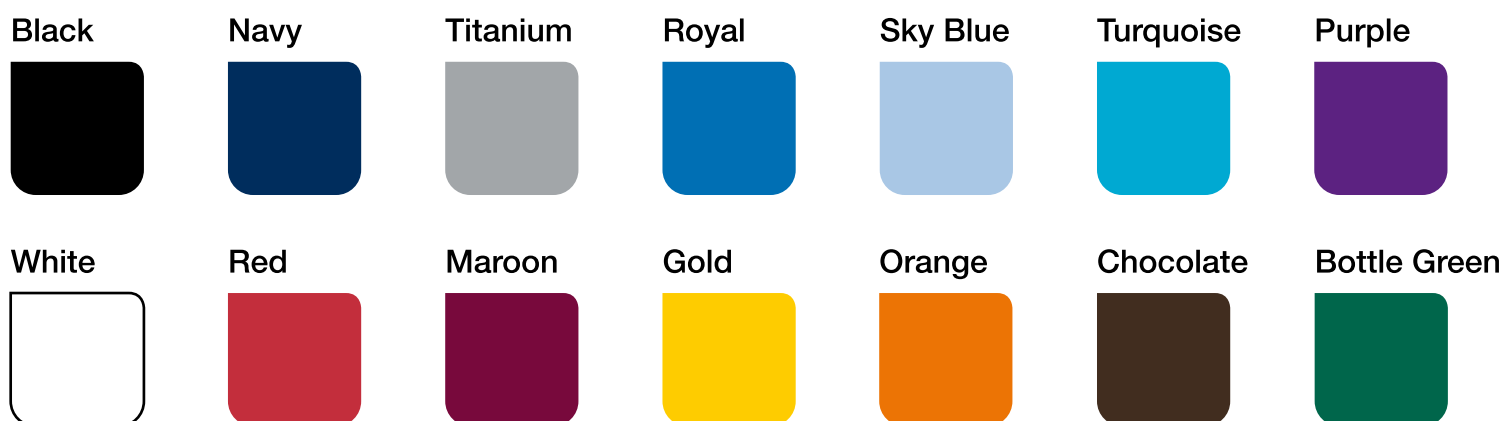

### ***100% Nylon***

Only available in selected men's styles due to its limited stretch. This fabric is most suitable for surf clubs. Colours available include - Black, Navy, Royal, Bottle Green and Red.

## COLOURS

All styles in the team range can be customised to your team colours by substituting your team colours into the A, B and C panels. A represents the base colour of the garment and B and C are the contrasting colours. We offer a range of styles from a one colour option up to three colour options.

Colours available -

All colours are available in either Resist or Nylon/Elastane however there may be slight colour variations between the two fabrics. If you require swatches of any of these colours please contact your sales representative.

## TEAM LOGO

Having your team name or logo on your swimwear is a great way of customising your uniforms and standing out in the crowd at events and swim meets. Rival can arrange to have your team name/logo applied to your swimwear/clothing in a number of different application options.

## LOGO OPTIONS

### *Screen Printing*

Screen printing is generally the most popular printing option used as it provides an unlimited range of colour options. All logo sizes will be made to the best size to fit on the smallest garment size ordered, please advise if smaller sizes will be ordered in subsequent orders so that we can allow for this. Generally there is no limitations to the size logo that we can print on your swimwear, however for more intricate designs we will recommend other printing options as some details may be lost with screen printing. We offer up to a 4-colour print and will match back to the spliced colours in your swimwear unless specific colours or PMS colour references are given.

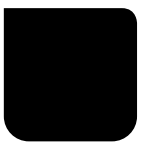

### *Embroidery*

Embroidery is a great logo application for smaller and more intricate logos and perfect for clothing such as our polo shirts. Colours are limited to the thread colours that we have available which we will match as close as possible to either the spliced fabric colour or PMS reference, if given. All prices will be on application as the size, detail and number of colours will affect this.

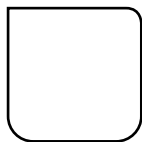

### *Stretch Vinyl Printing*

Stretch vinyl printing offers a superior print quality guaranteed not to crack or fade. The colour range is limited however most Rival teams colours are available. Logo designs and font options are infinite, however we recommended embroidery for more intricate designs. This option is only suitable for one colour prints. Prices on application.

Silver

Red

Orange

Yellow

Golden Yellow

## Stretch Heat Stamps

Stretch heat stamps are a great alternative to screen printing for logos that have a large number of colours. The heatstamps are digitally printed so designs and colours are unlimited. All prices will be on application as this is determined by the size and amount of colours in the logo.

### PRINT REQUIREMENTS

All logos must be supplied as vector artwork either in an illustrator 10, eps format or a bromide. We do not accept artwork in the following formats- Word, Publisher, Excel, Jpeg, Tiff or Gif. If vector artwork is not available we can arrange to have artwork redrawn for you at a charge of \$100 per hour. Alternatively if you only require a team name this can be done using a number of different font options.

Please note that when printing on Resist, some colours may vary in shade over time due to the nature of the fabric. For example printing white onto red may result in a slight pink tinge to the print.

We cannot print over seams.

If you only require a team name below are some examples of different font options.

Arial Rounded Bold

**RIVAL TEAM**

Brush Script

*RIVAL TEAM*

Impact

**RIVAL TEAM**

Fat Boy Slim

**RIVAL TEAM**

Arial Black

**RIVAL TEAM**

## TERMS

All orders must have a minimum of 30 units per style. Please note that ladies are a different style to girls and mens are a different style to boys.

Allow 8-10 weeks delivery for all new orders and 6-8 weeks for any repeat orders, provided there are no changes made.

All delivery periods are from the confirmation of the order being received by Rival Swimwear.

Any delays in receiving the signed order form or receiving logo artwork will effect the quoted delivery time.

All new accounts require a 50% deposit before the order will be confirmed.

## RETURNS POLICY

Rival Swimwear will, where possible, repair garments when the fault is a manufacturing fault.

Pilling or general wear and tear is not a manufacturing fault.

All garments must be thoroughly washed before returning. Wet / soiled garments will not be accepted.

Fading is not a manufacturing fault. Lighter and fluorescent colours do have a tendency to fade over a period of time when exposed to sun and certain washing detergents.

No guarantee will be given to Nylon/Elastane garments breaking down if exposed to chlorine. We recommend that all clubs that require their team swimwear for use in chlorinated water order our Resist fabric.

Printing may crack over a period of time due to exposure to the sun and detergents. This may be more apparent on areas of the garment that are subjected to high levels of stretching.

Please contact your Rival sales representative before returning any goods for assessment.
